Imagine whirling, creating, storytelling, and singing. Nowhere else is learning this much fun!

Our Kindermusik educator Andrea Fisher will be teaching these classes.

Educator Andrea Fisher

graduated from UW-Oshkosh with a degree in Music Therapy. She is a registered music therapist and experienced with teaching children of all ages. She also enjoys activities with her family of five, reading, exercising, teaching piano lessons and assisting with church worship. Andrea was Kindermusik-certified in 1998.

Young Child(4 ½-7yrs)

Your child will develop a strong musical foundation by learning concepts; the language, notation, and vocabulary of music and its greatest composers. With exposure to three core instruments-stringed, wind, and keyboard-he will have a good beginning for a lifelong love of music.

Village(Newborn-18 mo)

The musical nature of nursery rhymes help babies develop an early appreciation and accelerated aptitude for language, music, and movement.

Sign & Sing

(Sign Language Class)

In just 5 weeks, music, movement, and signing will boost your child's reading readiness, foster self-expression and make it

easier for you to understand each other. By singing and playing together, learning to sign will enhance your child's language and thinking skills.

Our Time (18 mo-3 yrs.)

Imagine the aroma of baking cookies, the coziness of the family kitchen, the chatter among sisters, brothers, grandmas, granddads, mom and dad, and the anticipation and excitement of having friends come to visit. These special moments are captured in "Milk & Cookies", the third unit of Kindermusik Our Time. Songs and activities promote interaction between parent and child by capturing the security, excitement and familiarity of "at home" moments. What better way for parents to teach their child musical concepts than with everyday activities such as cooking in the kitchen, cleaning, and washing clothes?

Imagine That!(3-5yrs)

"Hello, Weather, Let's Play Together!" With the weather as our learning theme, we'll explore musical styles that range from opera to American folk, and you'll watch as your preschooler becomes self-sufficient in a room full of friends. The weather provides a myriad of sounds that are used in creative musical adventures. Imagine creating musical storm sounds with a drum, the sound of rain with a rain stick, and jingle bells on an imaginary ice pond!

Early childhood music program
