

Dear Music Parents,

As the school year comes to a close, we encourage you to help your child continue their musical education throughout the summer. Just like any skill, music grows with consistent practice, and the progress students make during the school year can quickly fade if they stop playing. Even a little time each week with their instrument can keep their skills strong, build confidence, and make the return to band or orchestra in the fall much more enjoyable.

To help make summer music fun and engaging, we've put together several ideas and resources for your family.

- Fun and Challenging Sheet Music
- Summer Camps & Clinics
 - <https://whitehouseofmusic.com/2026-summer-music-camps/>
- Private Music Lessons
- Play Music with Friends and Classmates
- Ask about Volunteer Opportunities in Your Music Department!

Summer is a wonderful time for students to explore new music, grow their skills, and rediscover the joy that comes from making music.

Thank you for supporting your child's musical education and helping keep the music going all year long.

Warm regards,
Music Director
